

Community Champions volunteer sign up

- Email faye@dalgarnotrust.org.uk or call 07511 915 094 to arrange an introductory call with Faye our Community Champion volunteer manager.
- Following your introduction you decide if these opportunities align with your interests, and you will be given our induction information.
- All volunteers attend weekly or fortnightly and start to build skills to work towards delivering activities which reflect their own and their community's needs.
- All volunteers are required to have a current DBS certificate (Disclosure and Barring Service) which will allow them to work with their community. Dalgarno Trust can make this application for you if you do not have one. (Please Note. This requires proof of address and ID but will not impact any benefit claim.)
- Any volunteers wishing to work in the kitchen will need to complete a basic safety and kitchen induction. This can be carried out with one of our Community Champions here at The Dalgarno Trust.
- When a DBS and training has been completed you will start to actively receive training to support your role as a Community Champion and allow you to work widely in your community.
